## BREW QUALITY SCALE

### How good is that brew?

Opinions – everyone has one.

In the words of French Writer Joseph Joubert “it is better to debate a question without settling it than to settle a question without debating it.”

Now at least you can debate the quality of the golden nectar you made against a neutral yardstick with the Home Brew Republic Brew Scale.

So let the debate (and the brews) flow!

1. I WOULD POUR THIS OUT, BUT I DON'T WANT TO KILL THE GRASS.
2. THAT BREW IS SO BAD I WOULD RATHER DRINK FERMENTED SEWER WATER FROM A TOE JAM WORK BOOT.
3. IT TASTES LIKE A BADLY MIXED COMBO OF LIGHTER FLUID AND URINE.
4. I WOULD BE BETTER OFF DRINKING CHEAP BREW FROM THE LOCAL STORE.
5. I'M DRINKING THIS BECAUSE I MADE IT.
6. BEAUTY IS IN THE EYE OF THE BREW HOLDER.
7. TODAY'S GOOD MOOD WILL BE SPONSORED BY THIS BREW.
8. MY HOME BREW IS SO GOOD MY FRIENDS HAVE ANOTHER PINT.
9. THAT BREW COULD BE SERVED IN A BAR LIKE A GOOD CRAFT BREW.
10. THAT BREW IS SO SMOOTH YOUR NAN WILL HAVE A PINT WITH YOU.

WILL DRINK WITH YOU**
